

SECOND ANNOUNCEMENT

X FORUM

with international participation

**60th ANNIVERSARY OF THE
INSTITUTE OF MENTAL HEALTH
THE PAST AND THE FUTURE ARE HERE**

**19-21 April 2023
Hotel Metropol, Belgrade**

Lazar Vujaklija (1914-1996)

Dear colleagues and friends of the Institute,

In 2023, we will mark an important milestone – 60 years of the Institute of Mental Health in Belgrade. The Institute was formed on the 14th of April 1963, as the Center of Mental Health and since 1978 it has been renamed into Institute. Today, we present an institution of 248 employees, working in the areas of child, adolescent, and adult psychiatry, epileptology, medical genetics, pharmaceutical activity, and laboratory diagnostics. The Institute also cooperates with multiple Faculties of the University of Belgrade and the Singidunum University, providing practical learning opportunities for their students. The work at the Institute is continuously based on treatment, education, and research.

We will devote various programs to the Institute of Mental Health anniversary from September 2022 until June 2023. Regular notifications will be posted on the page <http://www.imh.org.rs>

On this occasion, we especially announce the Tenth Forum of the Institute “60th years of the Institute - the past and the future are here”. The Forum will unite history, tradition, and experience with contemporary perspectives and visions for the future of clinical and scientific approaches to psychiatry and psychotherapy.

Save the dates 19-21 April 2023, to celebrate the jubilee together!

President of the X Forum

Prof. Milica Pejovic Milovancevic, MD, PhD

President of the scientific committee

Prof. Nadja Maric Bojovic, MD, PhD

President of the organizing committee
